FREEZE FRAME TABLE LAMP

ITEM #30896-1

Three substantial blocks of textured glass create a striking stacked silhouette, their irregular, ice-like surfaces catching and refracting the light. Slim brass-plated accents add warmth and definition between each layer, while a slightly tapered rectangular hardback shade in crisp white linen fabric completes the clean, architectural design.

Dimensions:	16 W X 30.75 H X 10 D (in)
