LUCAS SIDEBOARD

ITEM #R24811

This solid fir cabinet is made from 100% reclaimed wood, featuring a beautifully pieced geometric front, sanded and minimally finished to highlight the natural grain, distressing and character of recycled wood. Unique aged iron pocket door pulls reveal an adjustable shelf on each side, set on a coordinating iron base. Solid wood will continue to move with temperature and humidity changes, which can result in small cracks and uneven surfaces, adding to its authenticity and character.
