BASIN TABLE LAMP

ITEM #R30174

The Basin Table Lamp makes a strong sculptural statement. The metal basin can be accessorized with favorite objects to create a unique display. Finished in a warm black iron, it has a tapered wire brushed wood base finished in gray. The tapered rectangular hardback shade has rounded edges. The shade is big enough to give ample light on a side table. The shallow depth allows the lamp to sit nicely on a console or a cabinet.
