WRAPPED IN LIGHT TABLE LAMP - SMOKEY QUARTZ

ITEM #R30951-1

A gorgeous body of smokey quartz is lit from within by an LED, controlled by a rotary dimmer on the base. The metal base and perimeter surrounding the quartz are finished in a deep brown-bronze. Control the additional top light through a 3-way switch within the white linen rectangular hardback shade with rounded corners and bottom trim. Due to the nature of quartz, no two lamp bases will be identical.

Dimensions:	17 W X 30.5 H X 11 D (in)
