Salt & Light

FLOOR LAMP

ITEM #W26180-1

This bronze floor lamp pairs minimal form with subtle texture. The dome-shaped base features a marble-inspired finish with natural-looking gray and white veining, creating the look of stone while maintaining a lighter, refined profile. The slim bronze pole adds height and elegance, while the off-white, slightly tapered shade with subtle slubbing softens the design, casting a warm and comfortable light. This lamp will complement a range of interiors from contemporary to transitional.
